

Everyone has something creative in them. AMSTERDAM believes in the artist; the artist who opens up his eyes and has the courage to go for it. Who transforms dreams into creations. Use an idea, a vision. Look around you. Surprise and amaze yourself. Dare to dream in color.

AMSTERDAM spray paint gives your artistic freedom a new dimension. Use it on any ground you like. This professional spray paint allows you to work quickly and add new techniques to your artwork.

AMSTERDAM spray paint is water-based and made according to a revolutionary water formula. This ensures for less unpleasant odors. You can choose from 94 brilliant colors.

So allow yourself to be inspired. Start using AMSTERDAM spray paint today.

ADVANTAGES

The spray paint of AMSTERDAM offers a number of important advantages:

- Brilliant colors
- Water-based formula
- Waterproof once dry
- Extremely lightfast
- Can be combined with AMSTERDAM acrylic paint and AMSTERDAM markers
- Can be used on diverse grounds

ALWAYS EXACTLY THE RIGHT COLOR

The donut – the ring around the cap – has been sprayed with real paint. In this way you can always see the correct color inside.

COMBINE WITH AMSTERDAM ACRYLIC PAINT AND ACRYLIC MARKERS

You want to use the acrylic colors, markers and spray cans of AMSTERDAM together? No problem! And because the colors and color numbers of the AMSTERDAM markers, tubes, bottles and spray cans are the same, it is even easier to always select exactly the right color. Enjoy making a masterpiece!

STANDARD CAP

AMSTERDAM spray cans are fitted with a standard cap. This is a versatile and reliable caps for semi-thin lines. By spraying from closer or further away the thickness of the line can be varied.

For special effects (extra thin or extra thick) the following caps are available separately: universal, super skinny, soft and fat.

HOW TO USE THE SPRAY CAN

- Shake for one minute
- Test the spray by spraying on another surface
- Hold the can upright during use
- After use hold the can upside down and spray for a few seconds (this in order to avoid blockage)

CAP CLEANER

When the cap does clog you can use AMSTERDAM cap cleaner to unclog the cap.

- Place the clogged cap on the cap cleaner
- Spray approx. 2-3 seconds until the cap runs clear

EXPLANATION OF SYMBOLS

Example:

LIGHTFASTNESS

The symbols stand for:

- +++ at least 100 years lightfast under museum conditions
- ++ 25-100 years lightfast under museum conditions
- ° 0-10 years lightfast under museum conditions

The lightfastness of AMSTERDAM All Acrylics has been tested according to the ASTM norm D4303. The illustrated colors correspond to real colors as much as possible.

OPACITY/TRANSPARENCY

Depending on the type of pigment a color is either (semi-) transparent or (semi-)opaque. The symbols stand for:

-  transparent
-  semi-transparent
-  semi-opaque
-  opaque

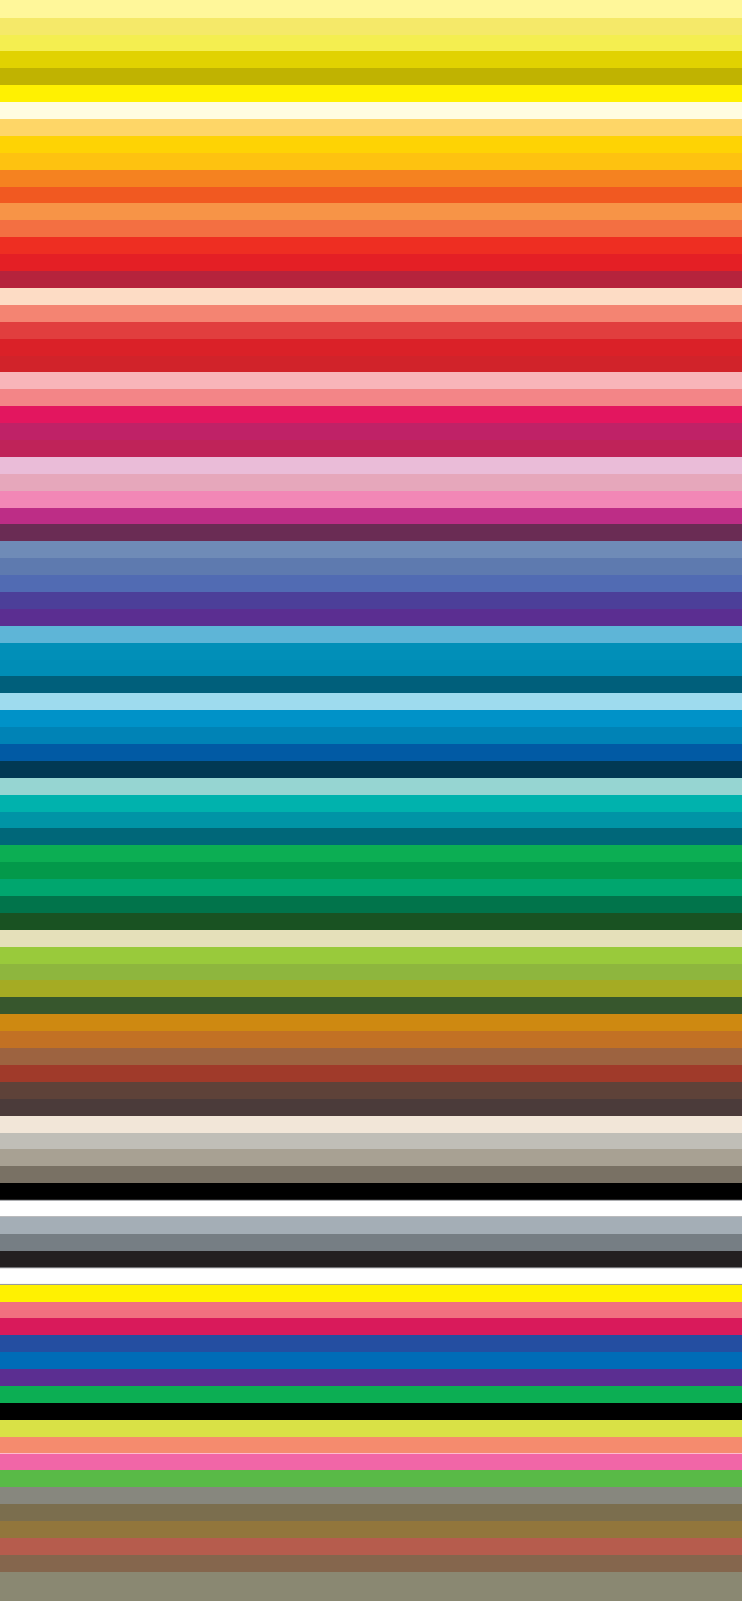

THE PIGMENTS – COLOR INDEX

The pigments used in AMSTERDAM acrylic paint have been indicated according to the Color Index. This Color Index is an internationally used system for pigments and dyes that is used in all types of paint. The system is based on a number and name associated to the chemical structure. For example: (PW6) PW = Pigment White, 6 = Titanium dioxide.

The abbreviations mean the following:

- PW: pigment white
- PR: pigment red
- PG: pigment green
- PY: pigment yellow
- PB: pigment blue
- Pbr: pigment brown
- PO: pigment orange
- PV: pigment violet
- Pbk: pigment black
